PROTECTED AREAS

WARNING:

The protective fabric in this garment is **CUT RESISTANT** not **CUT PROOF**.

Garments should not be worn when there is a risk of entanglement by moving parts. The overall classification does not necessarily reflect the performance of the outer layer. The actual conditions of use cannot be simulated, and it is the responsibility of the user, not the manufacturer, to determine the garment's suitability for the intended use. The garment is sold without warranty expressed or implied. No warranty or representation is made as to the product's ability to protect the user from injury or death. The user assumes that responsibility.

USE:

New and used garments should be thoroughly inspected before use to ensure no damage is present. Ensure that the jacket is the correct size for the wearer and is properly fastened when used in any hazardous area.

GARMENT CARE:

Stored garments should be kept in a dry place away from heat and direct sunlight. Hand or machine wash in water not exceeding 40°C using a good proprietary washing powder or detergent. Line dry or dry flat. **Do not iron. Do not tumble dry. Do not use bleach. Do not dry clean.** This garment can be disposed of/recycled in the same way as normal textile fabrics/garments.

REPAIR: Do not repair this garment using fabrics other than fabrics of similar construction and blade cut resistant properties. If in doubt, consult the manufacturer before attempting repair.
